

2026 GOLF TOURNAMENT

SATURDAY, JULY 25
GOODRICH GOLF COURSE, MAPLEWOOD

We are excited to announce the 2026 Breathing New Life Annual Golf Tournament, a fundraising event dedicated to supporting lung transplant patients and their families at M Health Fairview – University of Minnesota Medical Center (UMMC).

This tournament will bring together passionate golfers, supporters, and community members to raise vital funds that will help provide financial assistance, resources, and care for those undergoing lung transplants. Your participation will directly impact the lives of patients and their families as they navigate their journeys toward recovery.

Registrations fill up, so sign up early!

WHAT WE DO

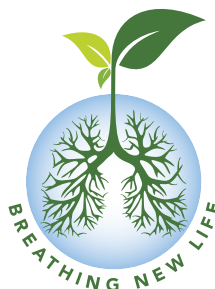

Breathing New Life (BNL) provides small emergency grants to patients referred by the M Health Fairview UMMC lung transplant social workers. We help provide financial assistance, resources, and care for those undergoing lung transplants. Funds raised from the tournament will be used to provide critical financial support for transplant patients, including medical costs, lodging, travel expenses, and other essential needs. Together, we can make a significant difference in the lives of those who need it most.

WHO WE ARE

Our organization is comprised entirely of volunteers who are patients or are friends or family members of patients who have had, or are waiting for, lung transplants at M Health Fairview - UMMC. While the underlying diseases vary, we or our loved ones have each experienced an end-stage prognosis requiring a life-saving lung transplant. Many of the directors on the Breathing New Life Board are lung-transplant recipients and share the desire to give back to the lung-transplant community.

HOW WE STARTED

Breathing New life, is a non-profit 501(c)(3) organization founded in December 2003. Prior to that, volunteers published a newsletter with the goal to educate and connect transplant support-group members. Funds were raised solely to cover postage and printing costs. In 2003, it became clear that our group had more funds than were required to cover newsletter expenses, while some lung-transplant patients' financial needs outweighed their need for information. We were formed, "So we may walk side by side with others needing lung transplants, so they never have to walk this journey alone."

OUR VISION

The financial needs of our transplant friends and their immediate families far exceed our ability to pay 100% of the costs. It is our hope that sometime soon we will be able to do more for those who most need our help.

MISSION STATEMENT

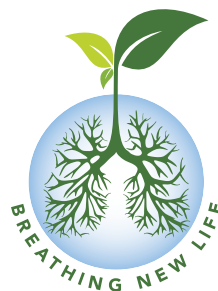

To educate and support M Health Fairview lung-transplant patients and their families, and to promote public awareness of transplant-related needs, so we may ease the financial burden of those patients most in need of assistance.

"I am writing in support of Breathing New Life (BNL) and to stress to you how important this organization is to my patients and families. If you can support the organization in any way, please do so. The annual golf tournament is their biggest fund raiser. If you can golf, great! If you have friends who golf, get them involved. If you can find it in yourself to give a monetary donation of any amount – it will help. Please help keep this vital organization going! The lung transplant patients and families at the U of M depend on it."

2025 BNL IMPACT SUMMARY

- BNL fulfilled 58 grant requests—\$67,355 (almost a 50% increase in funds provided in 2024).
- In addition to the grants, \$8,908 was spent on gas cards, parking passes, and gift cards.
- We raised \$41,107 (our goal was \$40,000) from last year's golf tournament with a net of \$28,115 after expenses.
- Our goal for the 2026 tournament is to raise and net at least as much as we did in 2025, and hopefully more.

ADDITIONAL SPONSORSHIPS

- BNL Logo Golf Balls
- Boxed Lunches
- Beer Keg(s)
- Bottled water & soda
- Snacks

(Costs vary, contact us)
